| [github.com/vhuang325](https://github.com/vhuang325) | [victor-huang-portfolio.onrender.com](https://victor-huang-portfolio.onrender.com)

## TECHNICAL SKILLS

**Programming Languages:** Javascript, HTML, CSS, Sequelize

**Libraries & Frameworks:** Node, Express, React / Redux, Phaser.io, Socket.io

**Tools:** PostgreSQL, Git/Github, Tiled

## TECHNICAL PROJECTS

**Galactic Peril** | Developer | [Github Repo](#)

August/2023

A Top-Down 2D game created using Phaser.io and Tiled, where the player has woken up on a space station with the crew nowhere to be found. The player must find a way to escape while dealing with the presence of enemies.

- Developed fully functional top-down 2D game using Phaser and Tiled
- Designed the maps and functionality allowing the user to play through our game using Phaser
- Implemented the ability track data from one scene to the next using local storage

**Graceshopper** | Developer | [Github Repo](#)

July/2023

E-Commerce site that allows users to create an account, browse products, as well as add, edit, or remove items from their cart. Users can checkout and complete their order

- Developed with Javascript, React / Redux, Sequelize, bcrypt, HTML, CSS
- Designed and implemented all products page allowing users to see anything they want to buy using Javascript and React
- Set up cart merging for guest user and logged in user using local storage

**Live Chatting** | Developer | [Github Repo](#)

July/2023

This app allows users to chat with each other, similar to iMessage

- Developed a real time live chat interface using Socket.io
- Designed and implemented all the functionality for the site allowing users to open up multiple sites and chat with each other
- Implemented all styling giving users a good user interface using CSS

## EXPERIENCE

**Home Health Aide** | Community Home Health | Hempstead, NY

June/2021 - Feb/2023

- Improved patient satisfaction scores by 40% by addressing problems promptly and collaborating with the rest of the team to enhance the quality of care
- Managed a caseload of up to 15 patients, providing compassionate and skilled care to individuals with diverse medical conditions
- Trained and mentored 3 new care nurses by allowing them to shadow me, ensuring adherence to best practices and compliance with all healthcare regulations. All three were able to succeed and work alongside me

## Education

**Fullstack Academy Web Development Bootcamp**

March/2023 - August/2023

Software Engineering Certificate

Full-time, Full Stack Javascript Web Development Immersive

**Binghamton University**

May/2022

Bachelor of Arts in Psychology
